Tricia,

Attached are two follow up documents from the Feb. 2018 Roundtable (hosted by R8, but national in scope). Obtained from the EPA Unconventional Oil and Natural Gas SharePoint site.

- April 9, 2018 “Oil and Natural Gas Roundtable Highlights” – generated after the Roundtable and – I believe – it’s publicly available.
- **DRAFT** “Oil and Gas Action Plan” (dated April 26, 2018). This document compiles existing efforts that may offer solutions to some of the challenges raised at the Roundtable. I do not believe this has been shared outside the Agency.
